- **Recycling** Pickup is every Tuesday; **Trash** Pickup is every Friday. Upcoming **Yard Waste** Pickups are Tuesdays, February 28th and March 13th. Upcoming **Bulk** Pickups will be on Fridays, February 24th and March 9th..

## ELECTIONS

The election scheduled for February 25th will no longer be necessary. The Town had two open seats and we received letters of interest from only two residents, Terry Witt and Georgette Williams. They are both current members of Council and will continue as council members. They will be sworn in for their next term in May.

We would like to thank the residents who volunteered to be on the election board and to be poll workers. We could not hold elections without you.

Congratulations go out to Terry and Georgette for another two year term as Wyoming Town Council Members.

Two more council seats will come up for election again next year. Please give thought to coming out and running for one of those seats.

## PEACH FESTIVAL

The Wyoming Peach Festival Committee is about to gear up for a new year. The 2012 Peach Festival is scheduled for Saturday, August 4th and the Committee is starting its planning in February. The first meeting is scheduled for Tuesday, February 21, 2012 at 7:30 in the Annex. Come out and join some of your fellow residents and friends to help put on this great event.

## SOUP & BAKE SALE

The Camden Wyoming Fire Company Auxiliary will be holding a soup and bake sale the last Saturday in February (25th) and the last Saturday in March (31st) from 9:00 a.m. to 1:00 p.m. They will be selling vegetable beef and chicken noodle soups as well as assorted baked goods. If you are interested in pre-ordering, please call 697-6349. Come out and support your fire company.

## SENIOR CITIZEN TAX DISCOUNT

In the next couple of months the senior citizen and disability tax discount application forms will be going out in the mail. If you feel you might qualify and have never received an application before, call Town Hall (697-2966) and get your name on the mailing list. To qualify, you must be 65 years of age or older or on 100% social security disability with a limited income other than social security. More information to come.

## TATTERED AMERICAN & STATE FLAGS

Cub Scout Pack 297 is asking residents to turn their old and tattered flags (American, State, etc.) in to Town Hall. Two or three times a year the pack has official flag burning ceremonies. Out of the ashes, the boys collect the metal grommets from the flags and put them on the back packs they take camping. These are considered good luck.

## WORD FROM WYOMING

### Happy Birthday Mr. Bilow

One of Wyoming's longtime residents, Mr. Donald Bilow, is about to celebrate his 90th birthday at the end of this month. He and his wife, Elaine, live on Camden Wyoming Avenue and have been extremely involved in the planning and executing of the Wyoming Peach Festival for many years. Although they are now retired from the Peach Festival Committee, they are still available with information and advice. Mr. Bilow probably knows more about the history of Wyoming than anyone else around. Have a wonderful birthday, Donald, and we wish you many more.

*If anyone in town wishes to have someone's special birthday, anniversary or other event printed in the newsletter, please call Town Hall at 697-2966 or email [townofwyoming@comcast.net](mailto:townofwyoming@comcast.net). We will do our best to have your special event acknowledged.*

### Delmarva Power

Delmarva Power has been progressing well with the upgrade to the electric system in town. We are now about half way through phase II of the project. Phase II work continues with the same basic work as experienced in Phase I, just in a different area of town.

Wrapping up Phase I of the project, you may have noticed Comcast and Verizon in the area moving their facilities. As soon as this work is complete, we will begin removing the old poles and wire and doing sidewalk repair.

### Wyoming Police Department

I hope 2012 has started out good for everyone and will continue to get better. I want to let everyone know that in the last few months there has been some interest in starting a neighborhood crime watch. Due to this interest I would like to hold a meeting on March 6, 2012 at 7:00 p.m. at the Town Annex to discuss this possibility. The president of the Kent County Crime Watch will be present. This meeting is to see if there is enough interest in starting a neighborhood watch in Wyoming. If so, we will start the process of setting one up.

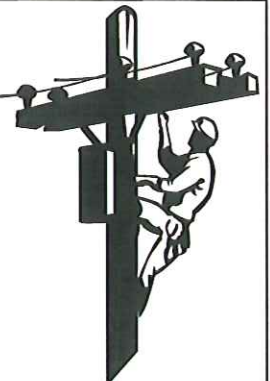

During the winter months the chances of your vehicle skidding on the roads increases. The recommended way to handle a vehicle is as follows: 1. Do not use the brake until your vehicles slows. The brakes will not work and could cause your vehicle to skid more. 2. Steer; turn the steering wheel in the direction in which you want the vehicle to go. When the vehicle begins to straighten out, turn the wheel back in the other direction. If you fail to do this, your vehicle could swing around in the other direction and start a new skid. 3. You want to continue to correct the steering left and right, until the vehicle is going down the road under your control. By doing this you will increase your chances of not getting into an accident.

I would like to leave you with this quote by Colin Powell on success, "There are no secrets to success. It is the result of preparation, hard work, and learning from failure."

Chief Martin Willey  
Wyoming Police Department

As a reminder, with any project, safety is a priority at Delmarva Power. For the safety of both you and our crews, we ask you to be aware of our work zones and avoid entering them. We appreciate your patience during this project as we strive to improve the electric service reliability for you.

## Recycle these

Newspapers

Junk mail

Paperback books

Boxboard (cereal boxes)

Pizza boxes (empty)  
(no food residue)

Corrugated cardboard
